

## BulaBioBrew Fruit

Brew Gal Microbe © 2024 TFFC All Rights Reserved.

**BulaBioBrew Fruit** is a natural liquid fertiliser made with beneficial microbes, which is rich in phosphate and balanced with organic nitrogen, calcium and other macro and micronutrients. It is a chemical-free product designed to maximise flower bloom, flower retention and increase harvest yield.

### Benefits

The complex bio brew of nutrients and biological stimulants gives many key benefits:

- Increasing mineral density of plants and fruit which helps reduce rot and insect attack.
- Promoting the plant's natural ripening cycle.
- Maintaining healthy biological balance at plant roots.
- Enhancing crop yield and completing the plant's natural productive capacity, particularly when used as part of the **BulaBioBrew** biological program (BBB Soil, BBB Grow and BBB Fruit).
- Increasing natural brix (sugar levels) which improves the nutrient density of the plant, its leaves and fruit. This means bigger, healthier fruit and vegetables, which have been grown without chemicals.

**Maximises flower retention and increases yield**

### Analysis

N	P	K	Ca	S	Humic Acid	Fulvic Acid
0.5%	6%	2%	0.8%	0.1%	2.8%	0.5%

### Application

Crop	Rate Ltr per Acre	Comment
Dalo, Cassava, Ginger, Pineapple	10L per Acre (e.g. for 1 Acre use 10L of product diluted in 150L water)	Apply directly to crops to initiate flowering and fruiting. Dilute 1L of product to 15L of water.
Horticulture (e.g. lettuce, cabbages, herbs etc)	10L per Acre (e.g. for 1 Acre use 10L of product diluted in 150L water)	Apply directly to crops to initiate flowering and fruiting. Dilute 1L of product to 15L of water.
Vines, Trees (e.g. beans, tomatoes, passionfruit, pumpkin, citrus, okra, eggplant etc)	10L per Acre (e.g. for 1 Acre use 10L of product diluted in 150L water)	Apply directly on vines/trees in early budburst through flowering. Dilute 1L of product to 15L of water.

**DO NOT USE IN FULL SUN OR DURING THE HOTTEST PART OF THE DAY.**

**Available in 1000 litre, 20litre, 5 litre & 1 litre DELIVERY FIJI WIDE**
